

Mylan Park’s COVID-19 Reopening Status Update May 16

The health and safety of our patrons and staff is our top priority as we begin the path to reopening the facilities & services at Mylan Park. In accordance with the Governor’s and the WV DHHR’s [guidance](#) we are taking extra precautions to help you stay safe and healthy while at Mylan Park. This includes extensive cleaning protocols, modified operations, and social distancing practices implemented at all Mylan Park owned and operated indoor and outdoor facilities. Patrons must follow all signage and social distance queuing markers located throughout the facilities to ensure the safety of all. When visiting our facilities, we ask that you minimize the number of belongings you bring with you as storage for personal items may not be available. Additionally, anyone entering a Mylan Park facility is required to agree and adhere to our [Social Contract](#), which includes wearing a mask.

PROGRAMS

Mylan Park is excited to offer [virtual resources](#) to our community during this time to keep you healthy and active. All in-person programs scheduled within the park are being evaluated for possible return to normal operation. All programs beginning in March and April have been cancelled and those participants should have received notice. If you were registered for a program in March and have not received communication regarding cancellation, please [contact us](#). Registration is currently open for [summer camp programs](#) scheduled to begin in June and we are planning for all other programs to begin in July. We have developed modifications to all programs that address the safety and well-being of our staff and participants. If a program is cancelled for any reason, you will be notified and allowed to transfer to a later course or receive a credit or refund. More information about the steps we will take to modify programs will be provided directly to participants and parents (and be posted on our COVID-19 web page) prior to the start date and will include social distancing and equipment restrictions. View our [Summer Program Guide](#) program guide for a complete list of summer programs.

Additional updates will be available on [our Covid-19 Resource Page](#) as facility and program statuses change. If you have additional questions, please contact us at info@mylanpark.org or (304) 933 – AQUA and we will be happy to provide additional up-to-date information. We appreciate your patience and understanding during this time.

The Team at Mylan Park
