The Aquatic Center at Mylan Park Announces Reopening

Your recreation, health and wellness team at the Aquatic Center at Mylan Park is excited to announce we will reopen for your enjoyment on June 1st, 2020 at 5:30am.

The health and safety of our visitors and staff is our top priority as we begin the path to reopening facilities & services at the Park. In accordance with the Governor's and the WV DHHR's [guidance](#) we are taking extra precautions to help everyone stay safe and healthy while having tons of fun at Mylan Park. This includes extensive cleaning protocols, staff and patron screenings, modified operations, decreased occupancy maximums, and social distancing practices that have been implemented at our indoor and outdoor facilities. We need your help too and will ask everyone to do their part by following the signage and social distance queuing markers located throughout the facilities. Please be patient with our team and help us make your experience as safe and enjoyable as possible. We are asking Park goers to please limit the number of belongings they bring as storage for personal items may be limited. After all, when visiting the Aquatic Center, a swimsuit, towel, and flip flops will do the trick! Additionally, to assist in helping each of us exercise our responsibility to protect ourselves and others around us, we will require everyone to agree and adhere to our [Social Contract](#), which includes wearing a mask (except while in the water of course).

Due to the required social distancing guidelines released by the Governor's office, The Aquatic Center at Mylan Park will limit capacity in any one area to allow us to adhere to such guidelines. Our staff will work closely with our members and guests to ensure a safe and valuable experience for all. Some of the ways we will facilitate this experience while meeting the social distance guidelines are: daily pool breaks, rotating pool schedules, and extended Member Exclusive Open Swim times.

The Aquatic Center at Mylan Park is currently accepting [new memberships](#). In addition, we will offer single and multi-visit passes to those individuals and families without memberships. Discounted membership options, including up to [30% off annual passes](#) and special [summer only rates](#), are now on-sale to provide even greater affordability during this time; we encourage the public to take advantage of these opportunities.

As we open and work with this new format, we may need to make adjust to the schedule to enhance the fun and enjoyment of all. Please check the website regularly for updates!
