

Mylan Park's COVID-19 Reopening Status Update June 4

The health and safety of our visitors and staff is our top priority as we begin the path to reopening the facilities & services at the Park. In accordance with the Governor's and the WV DHHR's [guidance](#) we are taking extra precautions to help everyone stay safe and healthy while having tons of fun at Mylan Park. This includes extensive cleaning protocols, staff and patron screenings, modified operations, decreased occupancy maximums, and social distancing practices that have been implemented at our indoor and outdoor facilities. We need your help too and will ask everyone to do their part by following the signage and social distance queuing markers located throughout the facilities. Please be patient with our team and help us make your experience as safe and enjoyable as possible. We are asking Park goers to please limit the number of belongings they bring as storage for personal items may be limited. After all, when visiting the Aquatic Center, a swimsuit, towel, and flip flops will do the trick! Additionally, to assist in helping each of us exercise our responsibility to protect ourselves and others around us, we will require everyone to agree and adhere to our [Social Contract](#), which includes wearing a mask (except while in the water of course).

PROGRAMS

Mylan Park is excited to offer [virtual resources](#) to our community during this time to keep you healthy and active. All in-person programs scheduled within the park are being evaluated for possible return to normal operation. All programs beginning in March and April have been cancelled and those participants should have received notice. If you were registered for a program in March and have not received communication regarding cancellation, please [contact us](#). Registration is currently open for [summer camp programs](#) scheduled to begin in mid-June and we are planning for all other programs to begin in July. We have developed modifications to all programs that address the safety and well-being of our staff and participants. If a program is cancelled for any reason, you will be notified and allowed to transfer to a later course or receive a credit or refund. More information about the steps we will take to modify programs will be provided directly to participants and parents (and be posted on our COVID-19 web page) prior to the start date and will include social distancing and equipment restrictions. View our [Summer Program Guide](#) program guide for a complete list of summer programs.

Additional updates will be available on [our Covid-19 Resource Page](#) as facility and program statuses change. If you have additional questions, please contact us at info@mylanpark.org or (304) 933 – AQUA and we will be happy to provide additional up-to-date information. We appreciate your patronage and look forward to welcoming you back to Mylan Park.

The Team at Mylan Park
